Patient Name:

Age: 0

Gender:

Transcription Report:

Here is the structured medical report in the requested format:

****Patient Information****

* Name: Simran Parveen

* Age: 29 years

* Date of Consultation: Not specified

****Patient History****

The patient, Simran Parveen, presented with severe stomach ache and vomiting. She had a similar episode three months ago, which resolved with antacid treatment.

****Symptoms****

* Severe stomach ache

* Bouts of vomiting (last night and today morning)

* No headache reported

****Diagnosis****

Based on the patient's symptoms and presentation, the diagnosis is likely food poisoning.

****Treatment Plan****

The patient was administered an injection for temporary relief of pain. A series of tests were ordered to be completed by today. Subsequently, a prescription for medicinal treatment was provided. The patient was advised to take the medicine for one week after dinner.

****Recommendations****

The patient was advised to return immediately if she experiences this problem again. Additionally, she was instructed to submit the consultation fees at the cash counter.
