Patient Name:

Age: 0

Gender:

Transcription Report:

Here is the structured medical report based on the transcription:

****Patient Information****

* Name: Simranq Parveen

* Age: 29 years old

****Patient History****

The patient presented with a severe stomach ache since the previous night, which was exacerbated by bouts of vomiting. She reported having experienced a similar episode three months ago, which subsided with the use of an antacid.

****Symptoms****

- * Severe stomach ache since the previous night
- * Bouts of vomiting on the previous night and today morning
- * No headache reported
- * Unable to walk properly due to abdominal pain

****Diagnosis****

Based on the patient's symptoms and medical history, the diagnosis is food poisoning.

****Treatment Plan****

1. Injection administration for temporary relief
2. Prescription of medicine for 7 days, to be taken after dinner

****Recommendations****

1. The patient is advised to come back immediately if the symptoms persist or recur.
2. The patient is instructed to follow the treatment plan as prescribed.
3. The patient is advised to submit the fees at the cash counter.

Note: This report is based on the provided transcription and may not reflect the actual medical practice or treatment plan of a real patient. It is meant to illustrate the structured format of a medical report.
