Transcription Report:

Here is the formatted medical report:

Patient Information

* Name: Simran Parveen

* Age: 29

* Reason for visit: Severe stomach ache, vomiting, and food poisoning symptoms

Patient History

* The patient reported having a similar stomach ache three months ago, which subsided with antacid medication

* The patient has had this type of stomach ache before, but with a similar duration and presentation

Symptoms

* Severe stomach ache since the previous night

* Bouts of vomiting last night and today morning

* No headache reported

Diagnosis

* Based on the patient's history and physical examination, the diagnosis is likely food poisoning

Treatment Plan

* The doctor administered an injection for temporary relief

* The patient was prescribed a medication to be taken after dinner for one week

* The patient was advised to return to the clinic immediately if symptoms reappear

****Recommendations****

- * Follow-up visit in one week to monitor the patient's progress
- * If the patient experiences similar symptoms again, return to the clinic immediately
- * The patient is instructed to take the medication as prescribed and not to delay seeking medical attention if symptoms worsen

Note: As this is a fictional conversation, there are no actual medical test reports or records to include in the report.
